Description

Unable to renew book and application crashes while adding more than 2 books in the Issue Book category

Steps to reproduce:

1. Login to the Library Management Software

2. Go to the "My Account" section

3. Click on the "Issued Books" tab

4. Try to renew a book

5. Observe that the renew button is not working and the book cannot be renewed

Expected result:

The renew button should be working properly and the user should be able to renew the book without any issues.

Actual result:

The renew button is not working and the book cannot be renewed.
